Who We Are

Pioneers in Kaolin Since 1984

Ashapura China Clay Co LLP, an ISO 9001 certified company, was established in 1984 in Bhuj, Kutch, with a mission to place Kutch, Gujarat, on the Kaolin producer map of India. Over four decades, we have grown into a trusted name in mining, processing, and marketing of China Clay (Kaolin), Bentonite, Bleaching Clay, and Silica Sand.

Our Production Capacity

State-of-the-Art Facilities
Our advanced processing facilities produce 160,000 MT of high-quality Kaolin annually, ensuring consistent supply for global industries.

Cutting-Edge Technology
We utilize advanced technology for water washing, particle size separation, drying, and classification, delivering precision and efficiency in every step.

Abundant Reserves
With 11 million tons of high-grade Kaolin reserves spread across 40 acres of lease land, we guarantee long-term supply and consistent quality.
